

ZIYAD OUAMNA

Multimedia and Web Development Technician (BTS graduate), currently pursuing a Bachelor’ s degree in **Software Engineering**. I focus on building modern, user-centered digital solutions by combining technical development skills with a strong sense of design.

My skill set includes **web development**, **UI/UX design**, **graphic design**, **audio/video editing**, and **digital marketing**, enabling me to handle projects from concept to execution. Motivated and continuously learning, I am looking for opportunities to contribute to real-world projects while growing as a software engineer.
